GROUP RECREATION OFFERINGS

TRADITIONAL TEAMBUILDING

Initiatives & Ice Breakers

Need help getting started or getting the group revitalized between meetings? How about an icebreaker to help ease the struggle of introductions and open the door to interaction? We have just the thing to get your group going and keep them moving. It can be as simple as a 5-10 minute activity to revitalize you after lunch, or a 15-30 minute activity to foster communication and teamwork.

Classic Scavenger Hunt

This can be as simple as a list of items to find and collect or we can include clues that must be deciphered that lead the participant to destinations and they must then go to those locations to collect information or an item.

Photo Scavenger Hunt

Each team will be issued a digital camera and a limit on the number of photos they can take during the scavenger hunt. Each team will have clues that lead to destinations in Suncadia and must take a photo of their team at that location. Creativity and team spirit are taken into consideration!

GPS Scavenger Hunt

Teams will be given instructions on how to use the GPS unit and then each team will be given sets of coordinates to different locations. The teams will compete to get back to the start after collecting all their prize items from each destination.

Geocaching

Join the craze for this high-tech treasure hunt and collect our signature geo-coins. Locations vary throughout Suncadia property. We will provide the GPS units and the coordinates and you will collect the geo-coins until you've reached all of the geocaches.

Build a Boat and Hope It Floats Challenge

Need a team activity that requires your group to process a problem, strategize the solution or outcome, communicate using all the team members' input and work together to complete the project? The solution: each team must build a boat that will support one member that will paddle the length of the pool and back.

Build a Bridge to Support Someone

Here is a team activity that will be sure to get the creative juices flowing, provoke outstanding communication, and team comradely like no other. Solution: Each team must build a bridge over the width of the pool that will support one member from their team using only the materials provided (cardboard, duct tape and a few other miscellaneous supplies).

Golf Hole-In-One Construction Challenge

We've added a little twist to this game – you have to build your course, before you can play it! You have been divided into construction teams; and you see a generous box of supplies at your station that will need to be used to build one miniature golf hole. This is a project that emphasizes creativity, communication, collaboration, teamwork, and of course FUN!

Madcap Putting

This nutty putting activity is the perfect way to bring golfers and non-golfers together on fair playing turf. Participants will engage in a series of short putting holes but here's the catch . . . each hole is supplied with a different putting instrument that must be used at that hole. These zany clubs may include a tennis racket, croquet mallet or cue stick. Six to nine holes of varying lengths based on group size and timeframe.

Pit Stop Challenge

This fast paced challenge is a combination of mental and physical challenges that can only be solved using the talents of the entire group. This adventure, much like your business, will span great distances, present beatable obstacles, and test you with mindboggling riddles. Every challenge has a winnable solution that will create a team spirit!

Amazing Race Challenge/Suncadia's Snow-Mazing Race

We know that all groups' participants have diverse interests and abilities and finding the right teambuilding event can be its own challenge. This event takes into consideration all these diversities and we guarantee your group will be talking about it long after the event ends. The activity will not be divulged, but the clue will indicate whether it is a physical or mental challenge. Each team must strategize how to get to each location, how to deploy their team to accomplish all the activity stations, find all of the scavenger hunt items and complete their mental challenge sheets. Did we mention there is time limit? All aspects of this event are scored to ultimately lead to a final score for each team.

Dummy Downhill Sled Challenge *Winter Weather Permitting*

Here's the challenge...be the first to locate the items needed to construct a sled that is going to hold your "dummy" while it heads down the hill. (Modeled after Suncadia's annual "Dummy Downhill") Teams can race around property to collect the "ideal" items to construct this sled, or teams can be given the same items, for a fair playing field, to construct their sled. Teams will then transport sleds to our signature hill to see whose sled will go the farthest.

Suncadia's Sweet Spot Challenge

Hitting the Sweet Spot is more than just a reference to a player's success. In today's business climate finding personal as well as collective success consistently within your organization is no small feat but when you do, that sense of accomplishment is no less rewarding than a major league player's home run record. We are going to take the traditional sense of hitting the sweet spot to a round-robin style event that encourages individual and team success through a series of fast paced sports activities.

<i>Frisbee Golf</i>	<i>Soccer</i>	<i>Hole in One Putting</i>
<i>Tennis Targets</i>	<i>Softball</i>	<i>Lawn Darts</i>
<i>Golf Chipping</i>	<i>Kickball</i>	<i>Volleyball</i>
<i>Football Toss</i>	<i>Croquet</i>	
<i>Free Throw Shots</i>	<i>Horseshoe Pitching</i>	

Individual Sport Activity

Competitive or just for fun, either way your group will enjoy an afternoon of sports at our local park.

<i>Softball Equipment</i>	<i>Tennis</i>	<i>Volleyball</i>
<i>Basketballs</i>	<i>Badminton</i>	<i>Footballs</i>
<i>Soccer</i>		

Win it in a Minute

In this fast paced event, teams will compete in seemingly easy yet adrenaline pumping challenges that take a minute or less to accomplish.

<i>Nose Dive</i>	<i>A Bit Dicey</i>	<i>In Your Face</i>
<i>Velcro Head</i>	<i>Caddy Stack</i>	<i>Pantyhose Boomerang</i>
<i>Suck It Up</i>	<i>Hangnails</i>	<i>Rapid Fire</i>

CULINARY CHALLENGES AND DEMONSTRATIONS

The Great Escape

Escape to the sun anytime of the year with this tasty challenge. Teams will have 75 minutes to create their most tempting Margarita recipe and whip up tasty batches of guacamole. With game show style trivia, teams will be given the opportunity to win secret ingredients. This challenge will delight the masses!

Shaken & Stirred Mixology Class

Inspired by the creations in 56 Degrees, guests will be given expert tips on creating classic cocktails like the Martini, Mojito and Margarita while being challenged to create a twist on those classics. So enjoy your cocktail shaken or stirred, and bring out your inner entertainer. Guests will also be given custom menus to take home.

Chopped Challenge

Inspired by the Food Network's TV show *Chopped* teams will be given a basket of "mystery" ingredients and asked to create an appetizer showcasing those ingredients.
